

YURT WOODWORK COLOUR CHOICES

We can finish your yurt woodwork in either a natural or coloured finish. Your yurt door, crown wheel, crown wheel supports and roof poles will be finished in your selected colour. Yurt trellis wall sections are always supplied in a natural wood finish.

NATURAL FINISH

Let the natural beauty of the wood shine through and let us finish your yurt in a Light Oak Stain & Varnish. This gives the yurt a natural, neutral finish that can be furnished with any colour scheme.

COLOURED FINISH

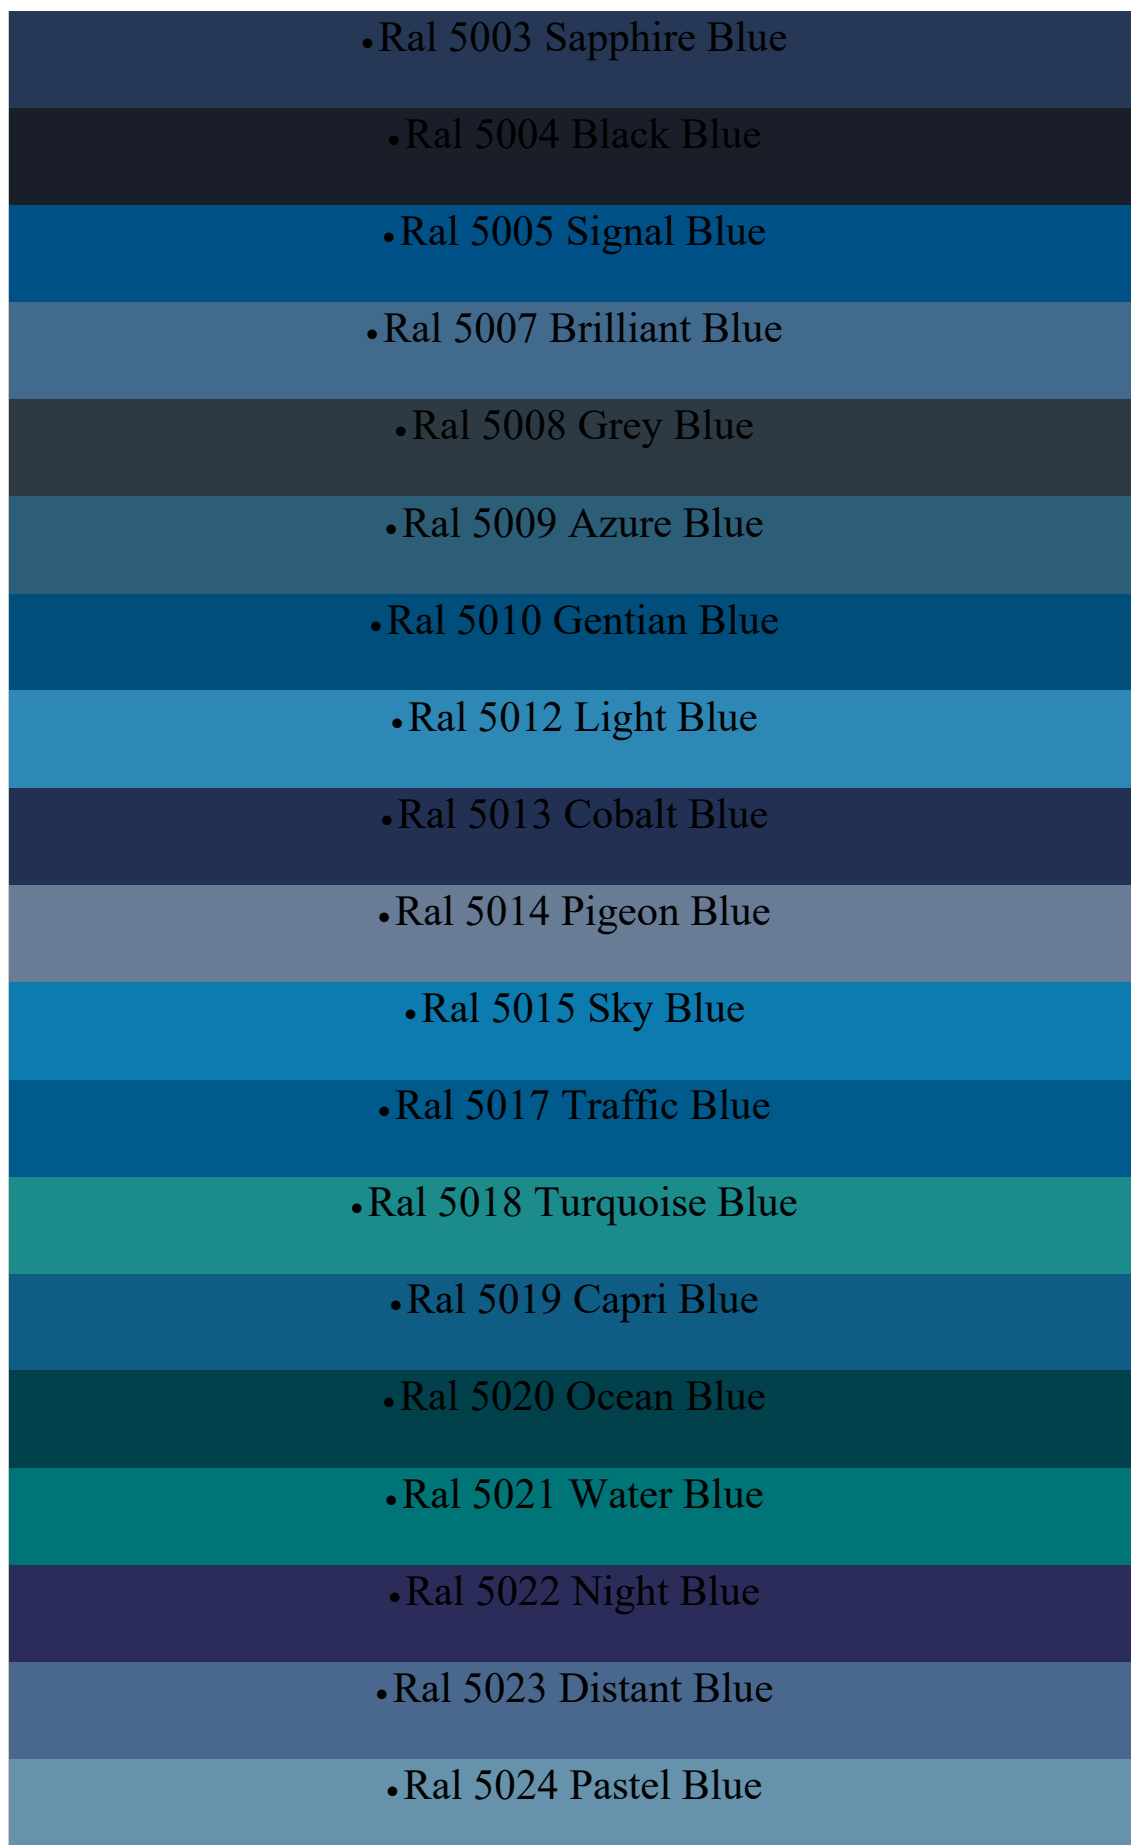

Make your yurt unique, one of a kind with a coloured finish. Please select a Ral Colour code from below and enter into your order form.

•Ral 1001 Beige
